# MAKE THE SAFEST PLACE EVEN SAFER

Consumers

**Safe Deposit Box Insurance Coverage, LLC (SDBIC)** was founded around one simple concept — help consumers protect their most valued possessions. We advocate for the use of safe storage and are the leading provider of insurance solutions designed to protect clients' most treasured belongings.

Our unique, consumer friendly product insures all legal property stored inside a safe deposit box, without requiring disclosure of the contents or providing appraisals at time of purchase.

## Items Covered

All legal property including: gold, currency, bonds, collectibles, art, coins, stamps, antiques, heirlooms and anything else you place in your box. Every policy includes coverage for important papers such as: wills, trusts, titles, passports, photos and other digital backups.

## Events Covered

Property inside the safe deposit box is insured against loss, damage or destruction caused by: fire, flood, robbery, hurricane, tornado, burglary, landslide, mudslide, sinkhole, earthquake, volcano, avalanche, explosion, tidal wave, terrorist act and other natural disasters.

### Did you know?

*Contents kept in safe deposit boxes are not insured by any financial institution or federal agency, such as the FDIC or NCUA.*

- ❖ Annually 20 - 25 burglaries involve safe deposit box vaults
- ❖ 50,000 boxes impacted by events in the past 3 years, effecting \$1.2B in property

## Why this Matters to You

Safe deposit boxes are the best option for storing valuables and universally recommended by federal, state and local law enforcement and relief agencies such as: FEMA, FBI, AARP and the American Red Cross.

Given the increased frequency and severity of natural disasters and other catastrophes, which no vault or box can protect against, it is recommended that box holders should maintain some level of insurance coverage.

## Storing Your Valuables at Home?

Valuable personal items like heirlooms or collectibles may not be fully insured under your homeowners or renters policy. Further, if you are keeping items at home and covering them under your homeowner's policy there is a better alternative. Storing items in safe deposit boxes and insuring through SDBIC offers you greater security, at a far lower cost.
